Catalog Description: Field experience working as an intern in a private or public agency. Supervised, on-site work experience required. A total of 3 hours of internship is required for the Environmental Studies major. Prerequisite: Senior standing and approval of faculty advisor.

Prerequisites/Corequisites: Senior standing and approval of faculty advisor.

Text: None.

Course Objectives: The primary objective is for students to integrate their learning about environmental issues into experience with practical applications.

Learning Assessment: Students will keep a weekly journal documenting their experiences. Students must also provide documentation from their supervisor regarding the number of hours worked. The course grade will be based on completion of the work commitment and instructor evaluation of the journal.

Recommended maximum class size for this course: _________

Prepared by: Julie K. Meents

Date: August 21, 2002

NOTE: The intention of this master course syllabus is to provide a general outline of the contents of this course, as specified by the faculty of Columbia College, regardless of who teaches the course, when it is taught, or where it is taught. This generic outline is not intended to restrict the way any individual faculty member teaches the course. The master syllabus, therefore, should be general enough to allow for a diversity of individual approaches to teaching the course, while at the same time it provides guidance on what the course should cover.
