

Cougar Link, an online activities calendar, is a student's link to all that is happening on campus!

To view Cougar Link, go to <http://www.ccis.edu/CougarLink>. Here is what a month view looks like. Students can also select to receive a day, week or agenda view.

At various times through the semester, students will receive an invitation via their Cougarmail account to add Cougar Link to their personal calendars. Students are encouraged to accept the invitation as this will be the easiest way to always stay informed about campus happenings!

During the fall and spring semesters, students will also receive a weekly "Get Linked!" email that will list weekly events and activities occurring on campus as another way of staying abreast of campus happenings.

Be aware that events on Cougar Link are categorized as follows:

- ACT-** used to designate all campus-sponsored events, activities, meetings, etc.
- ADM-** used to designate academic and administrative deadlines, procedures and policies.
- ATH-** used to designate all Athletic Department games and events.
- COMM-** used to designate all community events (those not sponsored by a college department)
- IM-** used to designate all intramural events and activities.
- SAC-** used to designate all Student Activities Commission (SAC) events and activities.
- MISC-** used to designate an approved campus activity that does not fit under any of the other keys.

All faculty, staff and students can have campus events and activities posted on Cougar Link. To have something posted, send an email request to [CougarLink@ccis.edu](mailto:CougarLink@ccis.edu).
