Definitions

- “Number of Students Who Began the Program” means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.
- “Students Available for Graduation” is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.
- “Number of On-time Graduates” is the number of students who completed the program within 100% of the published program length within the reporting calendar year.
- “On-time Completion Rate” is the number of on-time graduates divided by the number of students available for graduation.
- “150% Graduates” is the number of students who completed the program within 150% of the program length (includes on-time graduates).
- “150% Completion Rate” is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.
- “Graduates Available for Employment” means the number of graduates minus the number of graduates unavailable for employment.
- “Graduates Unavailable for Employment” means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.
- “Graduates Employed in the Field” means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six months period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.
- “Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.
- “Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.
- “First Available Exam Date” is the date for the first available exam after a student completed a program.
- “Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.
- “Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.
- “Salary” is as reported by graduate or graduate’s employer.
- “No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT’S RIGHT TO CANCEL

The student has the right to cancel and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. The student has the right to a full refund of all charges if he/she cancels this agreement by submitting a *Columbia College Add/Drop/Withdrawal Form* or through CougarTrack prior to close of business on Monday of the second week of the session.

In addition, the student may withdraw from a course after instruction has started by submitting a *Columbia College Add/Drop/Withdrawal Form* and receive a pro-rated refund for the unused portion of the tuition and other refundable charges if the student has completed 75% or less of the instruction. If the student has received federal student financial aid funds, the student is entitled to a refund of moneys not paid from federal student financial aid program funds. Refunds will be made within 30 days of cancellation or withdrawal.

If the student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund. If the student is eligible for a loan guaranteed by the federal or state government and the student defaults on the loan, both of the following may occur:

1. The federal or state government or a loan guarantee agency may take action against the student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan; and
2. The student may not be eligible for any other federal student financial aid at another institution or other governmental financial assistance until the loan is repaid.

Columbia College advises students to take advantage of the financial aid counseling available on the college website before accepting any student loans.

Explanation of Charts

Chart 1: On –Time Completion Rates (Graduation Rates)

This chart represents graduation rates for New First time students, those students with less than 6 transfer credit hours, to Columbia College who graduated within 4 years of starting their program of study.

Chart 2: Students Completing within 150% of the Published Program Length

This chart represents graduation rates for New First time students, those students with less than 6 transfer credit hours, to Columbia College who graduated within 6 years of starting their program of study.

Chart 3: Job Placement Rates

This chart represents placement rates for the new first time students represented in charts 1 and 2.

Chart 4: Part time vs Full time Employment

This chart represents information taken from Columbia College’s 6 month after graduation survey. This survey is sent to all graduates from the college, not just those students who graduated in 4 or 6 years. The results of this chart represent a comprehensive view of the placement results of all graduates, not just those that came to the college as new first time students. In future years, this survey will be tailored to represent the cohorts identified in the California Performance Fact Sheet.

Chart 5: Institutional Employment

This chart represents students who are also employees of Columbia College.

Chart 6: Salary and Wage Information

This chart represents information taken from Columbia College’s 6 month after graduation survey. This survey is sent to all graduates from the college, not just those students who graduated in 4 or 6 years. The results of this chart represent a comprehensive view of the placement results of all graduates, not just those that came to the college as new first time students. In future years, this survey will be tailored to represent the cohorts identified in the California Performance Fact Sheet.

Chart 7: Federal Student Loan Debt

This chart represents statistics concerning students who took out federal aid. For purposes of this chart, all students who were enrolled or graduated in a program and who received federal aid to help pay for that program were considered to provide a true representation of how many students take out federal aid.
