Advance your nursing career

BSN nurses are in high demand in the health care industry, offering greater career opportunities to graduates in a range of settings. In fact, the U.S. Institute of Medicine recommends that 80% of all nurses hold a BSN degree by the year 2020.

Courses in the BSN program at Columbia College are designed to enhance your complex clinical reasoning, decision-making and collaborative skills so you can make a greater impact on patient safety and quality processes. Upon completion, you will be prepared to assume advanced roles in nursing management.

Get ahead of the curve and earn your degree now.

Earn your degree with Columbia College!

Columbia College is a private, nonprofit institution that’s been around since 1851. Students look to us when:

- They need a quality, accredited degree but not the debt that often comes with it (who does?). Our tuition is half the national average* and financial aid may also be available to help manage costs and minimize debt.
- They need the flexibility of evening and online classes to fit school around their schedule.
- They need their degree fast, like three and a half years for a bachelor’s fast or 20 months for an associate.
- Going back to school seems daunting, but less so with small classes, accessible professors and free tutoring services to help with coursework.

Let’s talk about how we can help you earn your degree.

Columbia College offers a fully online RN to BSN program to help registered nurses like you attain BSN-status without putting your career on hold.

• With online classes, you’ll have weekly assignments and deadlines to meet, but you decide when to do the work, allowing you to fit your degree around your nursing job
• Most students should complete the program in about two years
• Tuition is $305 per credit hour for academic year 2017-18, which is about half the national average for private schools*

Prerequisites for admission:
• Completed associate degree in nursing
• Successful completion of National Council Licensure Examination for Registered Nurses

Admission may also be granted to non-degree seeking students interested in completing BSN coursework.

Your degree requirements

The RN to BSN degree program is not available to residents in the District of Columbia and in the States of Idaho, Minnesota, South Dakota, Tennessee, and Washington.

The information contained in this brochure relates to the 2017-18 academic year and is subject to change. Please refer to Catalog.CCIS.edu for the most current information.
