Earning your degree with Columbia College!

Columbia College is a private, nonprofit institution that’s been around since 1851. Students look to us when:

• They need a quality, accredited degree but not the debt that often comes with it (who does?!). Our tuition is half the national average and financial aid may also be available to help manage costs and minimize debt.
• They need the flexibility of evening and online classes to fit school around their schedule.
• They need their degree fast, like three and a half years for a bachelor’s or 20 months for an associate.
• Going back to school seems daunting, but less so with small classes, accessible professors and free tutoring services to help with coursework.

Let’s talk about how we can help you earn your degree. Call, email or start by applying today!
